Participant: John Rogers & Neil Broekhuizen

Dulit Frogmouth

© Neil Broekhuizen

This was a pretty successful cleaned up trip in the Northern Highlands of Sarawak for Neil and John from Birdtour Asia just before Malaysia implemented travel restrictions due to the Covid-19 pandemic, although we were forced to end the tour 3 days earlier but we were lucky to clean up most of the lifers for Neil and John except the Black Oriole, which's supposed to be ticked during the last 3 days.

We worked hard during the 1st part of the tour and managed to tick **Dulit Frogmouth, Bornean Frogmouth, Hose's Broadbill, Whitehead's Spiderhunter, Bornean Banded Pitta, Blue-banded Pitta** (A Pitta which John dreamed of seeing for 22 years), **Dayak (Hill) Blue Flycatcher and Narcissus Flycatcher** for both of them, and **Mountain Serpent Eagle, Whitehead's Broadbill, Bornean Barbet, Pygmy Heleia, Temminck's Babbler, Indian Cuckoo, Scaly-breasted Bulbul, Bornean Flowerpecker, Green-winged (Cinereous) Bulbul, Thick-billed Green Pigeon and Black-thighed Falconet** for John and also **Philippine Cuckoo Dove** for Neil before we left for next destination to fly back home.

Other good birds enjoyed to see during the tour includes **Black-throated Wren-babbler, Red-breasted Partridge, Bornean Bulbul, Bornean Leafbird, Mountain Barbet, Bornean Spiderhunter, Bock's Hawk Cuckoo, Orange-backed Woodpecker, Long-tailed Broadbill, Wreathed Hornbills, Yellow-eared Spiderhunter, Crested Shrikejays and Orange-breasted Trogon**, to name a few...

Next, John wish to see Long-billed Partridge, Bornean Crestless Fireback, Malaysian Honeyguide, Red-legged Crake, Rufous-collared Kingfisher, Ruddy Kingfisher, Grey-breasted Babbler, Gold-whiskered Barbet, Brown-backed Flowerpecker, Large-billed Blue Flycatcher, Cinnamon-rumped Trogon, Waterfall Swift, Short-toed Coucal, Chestnut-winged Cuckoo, Malaysian Hawk Cuckoo, Blue-rumped Parrot, Jambu Fruit Dove, Little, Large and Cinnamon-headed Green Pigeons, Bonaparte's Nightjar, Sunda frogmouth, Sunda Scops Owl and perhaps Black-browed Babbler ~ an enigma Babbler which was rediscovered after 170 years, and some animals like Bornean Banded

Langur, Southern Bornean Gibbon, Slow Loris, Flat-headed Cat, Marbled Cat, Sunda Clouded Leopard, Leopard Cat, Sun Bear ..seems like another pretty challenging trip but some species are quite promising.
