With the new hides for Bulwer's Pheasant and Bornean Peacock Pheasant Mr Gnanam made his no. 4th trip to Borneo and this time he invited another friend to join him. Lucky enough, the 1st lifer for Mr Gnanam was an active singing **Malaysian Hawk Cuckoo**, then follow by a pair of **Bulwer's Pheasant** on the next day, and also a pair of **Great Argus** was another mega lifer for Mr Gnanam.

When we visited the Bornean Peacock Pheasant hide, with only several calls in a distance left us a disappointing 2 days waiting game, however a pair of Bornean Crested Fireback was a good compensation.

The last 3 days stop over at Kinabalu Park added a few more lifers for him ~ **Bare-headed Laughingthrush, Everett's Thrush, Sunda Owlet, Pale-faced Bulbul and Bornean Forktail**, and of course almost everything was new to Han Sin.
