## Sarawak & Sabah

18<sup>th</sup> till 25<sup>th</sup> March 2023

Participants : Anthony Michael Palliser & Dominic Chaplin

Blue-banded Pitta

© Anthony Palliser

Tony has been birding in Borneo in 1998 & 2005 and Dominic in 2001, but their main purpose for this trip ~ to the Highlands of Sarawak to see and get some good shots of **Blue-banded Pitta and Crested Shrikejay**.

Lucky enough these 2 birds were active around, beside we also enjoyed to see some other good endemic in this region ~ The **Dulit Frogmouth** (a rare sighting of male & female sitting together side by side), **Bornean Frogmouth, Bornean Banded Pitta, Hose's Broadbill, Bare-headed Laughingthrush, Mountain Serpent Eagle, Black-throated Wren-babbler, Dayak Blue Flycatcher, Pygmy Heleia, Bornean Leafbird, Bornean Bulbul, Bornean Spiderhunter, Mountain Barbet, Bornean Barbet** (a rare sighting of male and female took turn on excavating tree hole for nesting), **Olive-backed Woodpecker** & also an uncommon Kingfisher ~ the **Blue-banded Kingfisher**, to name a few..

We also spent 2 nights in Sabah ~ a Peat Forest for the **Hook-billed Bulbul**, and we were lucky to see the **Jambu Fruit Dove** and **Brown-backed Flowerpecker** in one of the fruiting trees, and a single night walk was pretty productive ~ **Oriental Bay Owl, Reddish Scops Owl and Sunda Scops Owl**..As for the recent new hides, though we missed the Bulwer's Pheasant but we enjoyed to see **Red-breasted Partridge, Crimson-headed Partridge, Crested Partridge, Penan Bulbul, Dayak Blue Flycatcher, Bornean Black-capped Babbler, Temminck's Babbler, Rufous-chested Flycatcher** and others..
