Dulit Frogmouth

© Yeo Siew Teck

This's a private tour for Ms Elaine from Birdtour Asia, though the weather was wet during her journey but she was very lucky to get all of the target birds in this region, especially when the **Blue-banded Pitta, Bornean Banded Pitta and Malaysian Rail Babbler** filling up her binoculars, she described the birds were glowing in the dark undergrowth. Beside, a mind blowing view of a nesting **Dulit Frogmouth** was truly thrilling her.

Other good birds into her goody bag includes the **Bornean Frogmouth, Whitehead's Spiderhunter, Mountain Serpent Eagle, Black Oriole, Hose's Broadbill, Dayak Blue Flycatcher, Cream-eyed Bulbul, Pygmy Heleia, Bornean Leafbird, Bornean Bulbul, Bornean Spiderhunter, Bornean Barbet, Mountain Barbet, Bornean Banded Kingfisher, Bornean Forktail** and an unexpected rare bird in Sarawak ~ the **Bare-headed Laughingthrush**.

And some good resident birds include the **Hook-billed Bulbul, White-necked Babbler, Crested Shrikejay, Finsch's Bulbul, Scarlet-breasted Flowerpecker, Rufous-tailed Shama and Rufous-collared Kingfisher**, to name a few..
